Become a shareholder

Why not become one of the joint owners of our village shop here in the community, and contribute to the running of this enterprise, through;

- Buying a share and providing additional capital to the shop for stock and equipment
- Attending AGMs and voting and contributing to the operation of the shop
- Considering giving a few hours of your time each month as a volunteer

Each shareholder receives a handsome certificate and will receive annual information on the shop. Over 120 people in the village (20%) now are shareholders, so why not join them? Shares cost £5 and can be obtained through the shop..
